The image shows a mobile application interface for vehicle tracking and management. It is divided into two main sections: a vehicle list on the left and a command management screen on the right.

Vehicle List Section:

- At the top, there are tabs for "Unidades" and "Resumen".
- A search bar contains the text "082" and a "CANCELAR" button.
- Below the search bar, a vehicle entry for "ECO 0700082" is shown. It includes a bus icon, a speed indicator "0 km/h", a time indicator "57 min", and a distance indicator "13.51 km".
- A red box highlights a three-dot menu icon next to the vehicle entry.
- A hand cursor points to this menu icon.
- A dropdown menu is open, showing several options: "Enviar comando", "Compartir ubicación", "Aplicaciones de navegación", "Copiar coordenadas", "Ejecutar informe", "Recorrido", "Modificar", and "Asignar conductor".
- A red box highlights the "Enviar comando" option.
- A hand cursor points to this option.

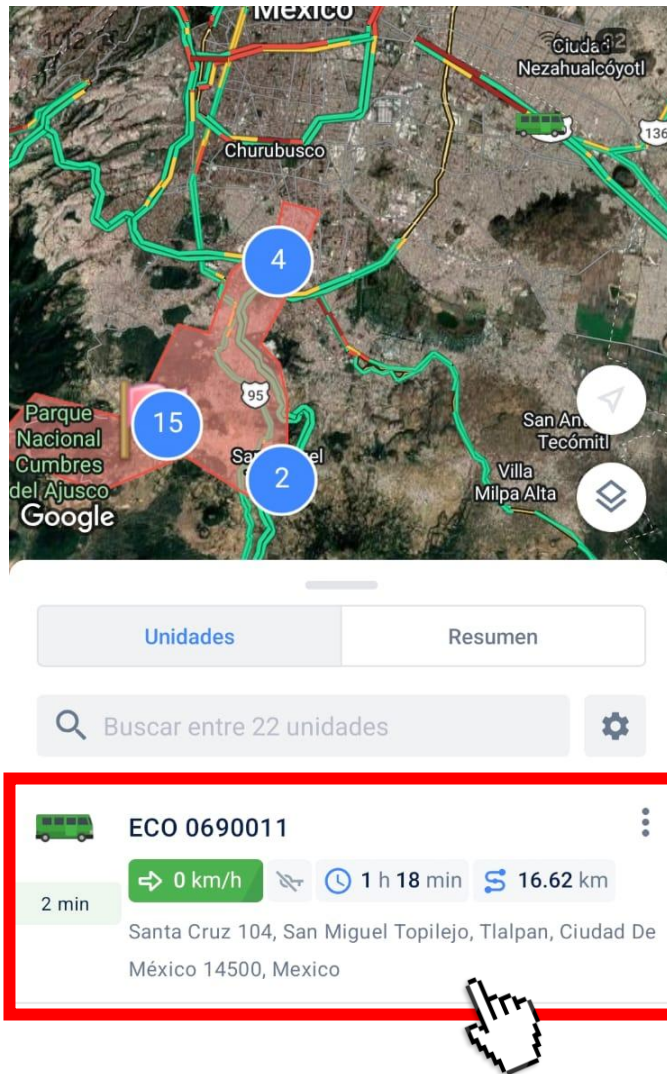

Command Management Section:

- The title bar is blue and contains a back arrow and the text "Comandos".
- A red box highlights the "HABILITADO DE MOTOR" command.
- Below this, there are two more commands: "PARO DE MOTOR" and "SOLICITAR POSICION".
- A hand cursor points to the "PARO DE MOTOR" command.
- Below these, there is a green bar with the text "Comando enviado", which is also highlighted with a red box.
- Below the green bar, there are two more commands: "HABILITADO DE MOTOR" and "PARO DE MOTOR".
- A hand cursor points to the "HABILITADO DE MOTOR" command.
- Below these, there is one more command: "SOLICITAR POSICION".

Bottom Navigation Bar:

- It contains five icons: a blue arrow (Seguimiento), a blue "S" (Recorridos), a blue grid (Informes), a blue bell (Notificación...), and a blue network icon (Geocerc).
