

Revisar el Historial de Consumo de Información.

The screenshot displays a fleet management dashboard. On the left is a dark sidebar menu with various report options. A red box highlights the 'Device flow report' option, and a hand cursor points to it. A blue circle with the number '1' is next to the sidebar. The main area features a map of Europe and the Middle East. A red box highlights the 'Device flow report' option in the sidebar, and a hand cursor points to it. A blue circle with the number '2' is next to the table. The table at the bottom right shows a list of alarm events with columns for Fleet name, Time, and Plate No.
